CERTIFICATIONS AND LICENSES

Github Copilot for Developers - Nov 08 2025

SUMMARY

Experienced Android Developer with 8+ years of expertise in Android application development using Java and Kotlin. Skilled in Clean Architecture, MVVM, Jetpack Compose, UI/UX design, and modern Android libraries. Demonstrated leadership in team management, task estimation, sprint planning, mentoring developers, and implementing scalable, maintainable codebases. Proven track record of delivering innovative, high-quality mobile solutions.

EXPERIENCE

Lead Solution Engineer, IBS Software Private Limited

Jan 2023-Current

- Played a lead role within the team, actively contributing to and driving critical architectural changes in the project.
- Introduced new technologies to the project, such as Paging 3 and Navigation Compose, which led to improved performance and more accurate analytical insights.
- Assigned and coordinate with the teammates for better outputs.
- Arranged team KT sessions

Senior Software Engineer, Checkout Point Technologies Private Limited

Feb 2022-Jan 2023

- Managed POS Systems: Handled POS devices with printer setup and barcode scanner integration.
- Integrated Bluetooth Modules: Embedded Bluetooth modules into various systems.
- Designed Immersive UIs: Specialised in creating engaging, multi-sensory user interfaces.

Senior Android Engineer, CureShop Technologies Private Limited

Aug 2018-Feb 2022

- Management: Developed Android apps with MVVM, Kotlin, Coroutines, Room, Jetpack, and Flow.
- Payment Integration: Implemented payment gateways.
- Firebase Utilization: Used Firebase for Crashlytics, Cloud Messaging, Authentication, and Push Notifications.

Junior Android Developer, Glinjos Innovations

Jun 2017-Aug 2018

- Developed Apps: Created and expanded apps using Android Studio.
- Live Project: Contributed to JoscoCare, available on the Play Store.
- Network Services: Used Volley and implemented geo-fencing for targeted ads.
- Doctor Management App: Designed an intuitive app for doctors.

EDUCATION

Kannur University, BSc Computer Science,

2014-2017

GHSS Manathana, Higher Secondary, Computer Science

2012-2014
